Step 3

FOLDING THE BOX TO FORM A PURSE

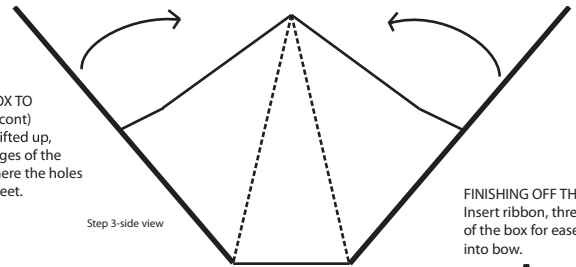

With the inside of the box facing you, lift the top flap all the way to the perforated line on both sides. After completing the 2nd flap all the way to the perforated line, run your finger along the inside edge of the box under the flaps so that there is no puckering.

Lift top flap to perforated lines. Then lift 2nd flap to perforated lines.

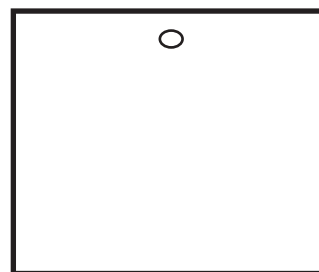

Inside of box

FOLDING THE BOX TO FORM A PURSE (cont)
With both flaps lifted up, bring the top edges of the box together where the holes for the ribbon meet.

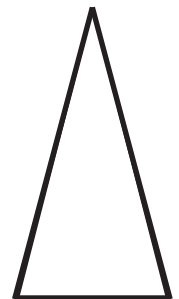

Step 3-side view

FINISHING OFF THE BOX
Insert ribbon, thread each side of the box for ease and tie into bow.
